

**WE  
INVITE  
YOU  
TO JOIN!**

For over 30 years the San Diego Herpetological Society has been providing a forum for educating and informing its members and the public about the beauty, conservation, and captive care of reptiles and amphibians.

We are inviting you to join us!

Only members are eligible to adopt animals that come in through our rescue efforts. Members receive a colorful, monthly email newsletter full of amphibian and reptile related articles and up-to-date information about upcoming events and activities for the Society. Newsletters will contain information about a variety of valuable discounts available to members at local and national businesses.

Membership fees support local field trips, monthly meetings featuring guest speakers, and the outreach education, rescue and adoption activities of the Society. All members are invited to participate in all SDHS meetings, events, picnics, walks and camping trips.

And best of all you can participate in promoting the good care and appreciation of some of the oldest and most interesting species on Earth!

Complete the form on the reverse side, or join us online at . . .
